

The Train Journey

by Brenda Williams

The train is running on the

track track track

And I'm sitting in the carriage at the

back back back

For we're going on a journey that is

fast fast fast

The fields and the cows whizz

past past past

We're going to the seaside very

quick quick quick

And I'm listening to the wheels as they

click click click

And we're going over the hills to the

top top top

But slowly...

very slowly...

we come to a station and we

stop...

stop...

stop!
