Evacuation Procedures: Fire Drill

When the fire alarm sounds everyone should leave the building by the nearest exit

Yr R	Classroom door, to corridor, exit through end doors to early years play area
Yr 1	Classroom door to corridor, exit by the centre corridor doors
Yr 2	Classroom door to corridor, exit by the centre corridor doors
Yr 3	Classroom door to corridor, through to main entrance; out of main door
Yr 4	Rear fire door, turn right, through car park to playground
Yr 5	Rear fire door, turn right, through car park to playground
Yr 6	Rear fire door, turn right, through car park to playground
Hall	Fire doors
Computing suite	Doors by the hall onto the playground

In the event of the designated exit being blocked, the other exit (either fire door or classroom door) should be used. The year 1 classroom has no fire door so year 1's alternative exit will be through the group room and then reception class. Where there are two members of staff in a classroom, one must lead from the front and the other must ensure all children are out before closing the door. If there is only one staff member present, they must leave after the children, closing the door behind them.

Children must walk in an orderly manner, before lining up on the playground at the designated point, demarcated by their class year group number (R for Reception, N for Nursery and V for Visitors) which is away from the building. Each class teacher must stand at the front of the line and conduct a headcount. The teaching assistant must stand at the back of the line and also do a headcount. The office staff will hand out class registers if they have been taken and returned to the office. If the register is still in the classroom, the teacher must bring it out. If the headcount does not correlate with the number in the register, the teacher must take a roll call.

When the teacher and TA agree on the number of children present, and this correlates with the register, then the class teacher must raise their hand.

Missing persons must be reported to the headteacher.

Staff/ Visitors who leave school, at any time within the school day must sign out using the 'InVentry' electronic system.

*Our school, like most schools, does not have monitored fire alarm. This means that in the event of the fire alarm being activated, there is no automatic call to LFRS to alert them to the emergency. Instead, it is the responsibility of the person in charge to call 999.

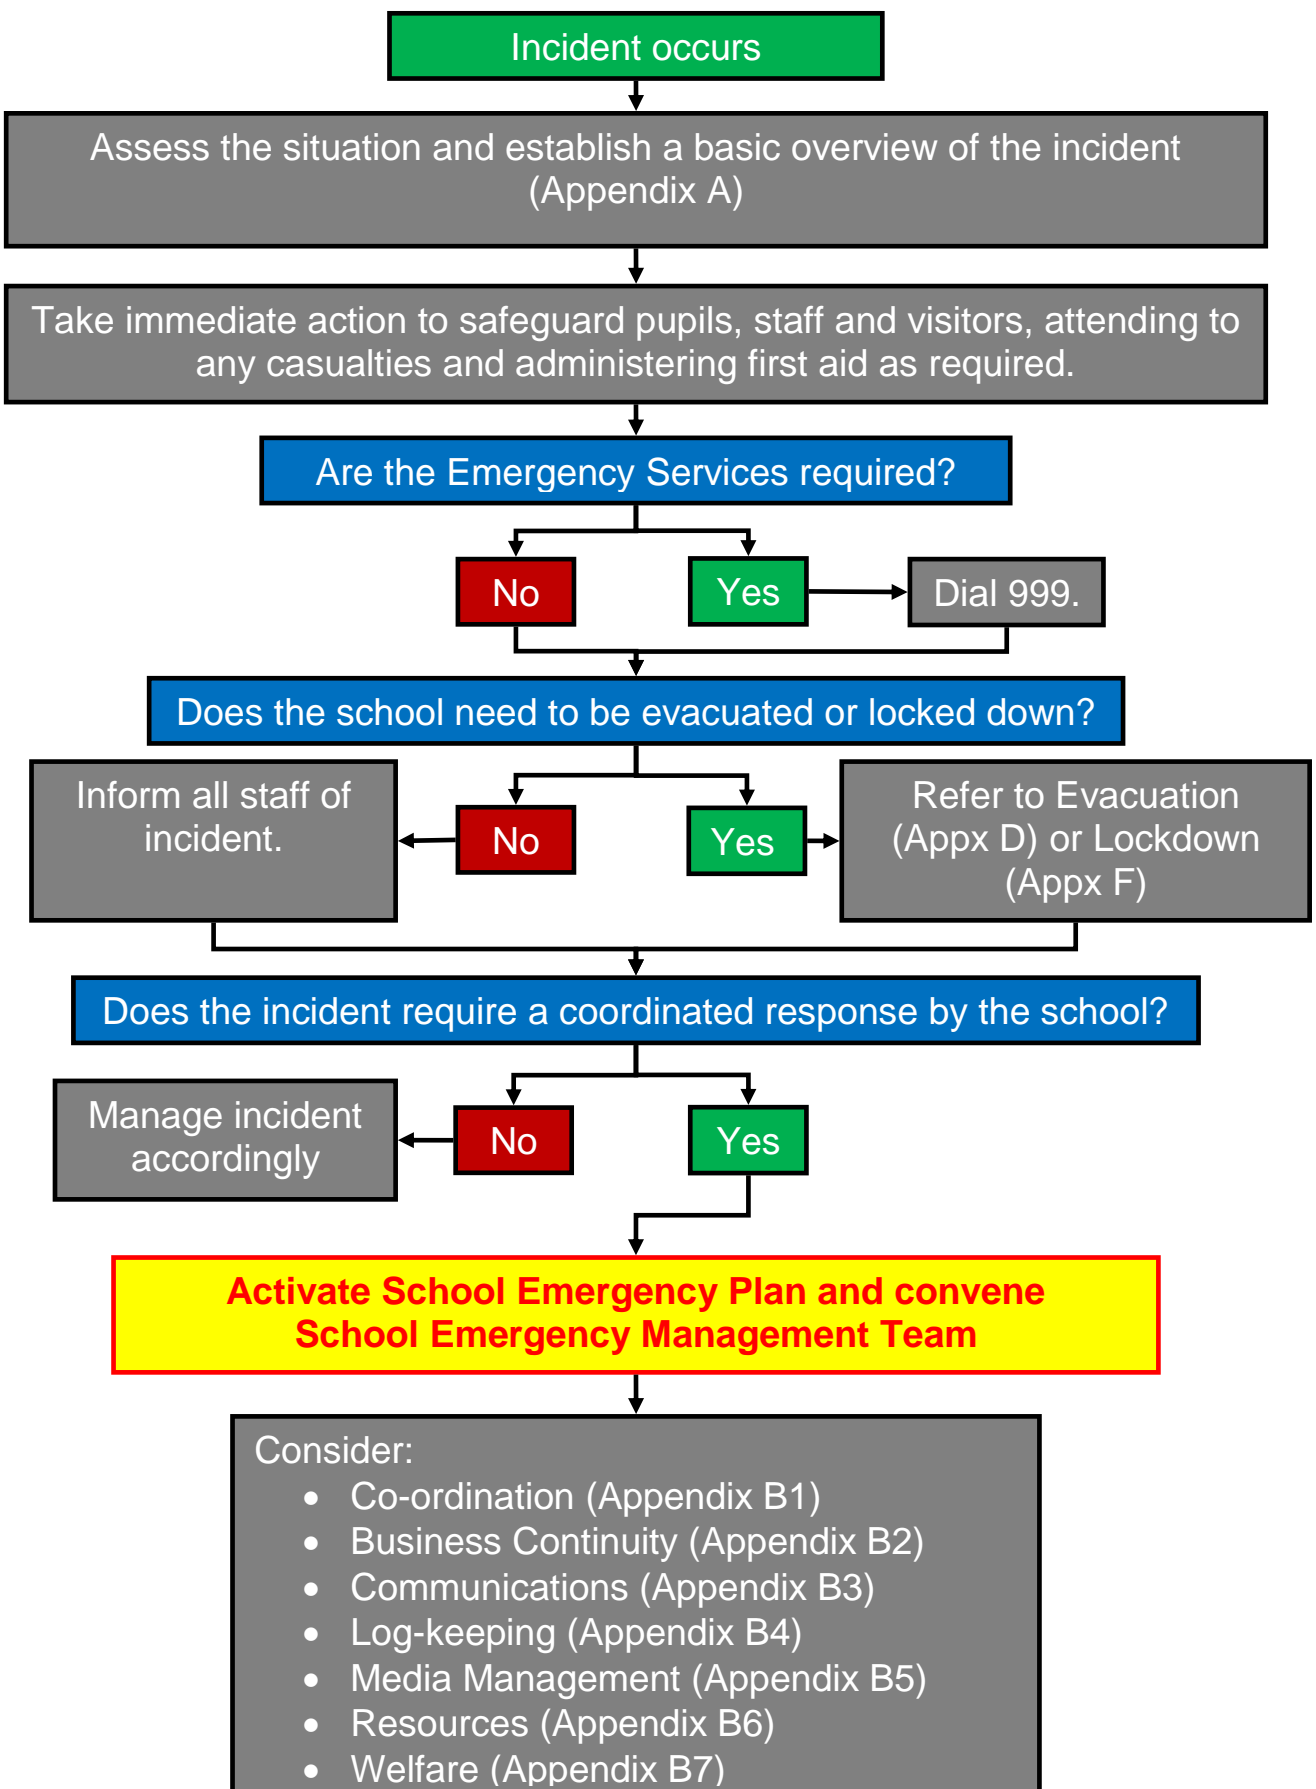

On activation of the fire alarm, evacuation will commence while the person in charge attends the fire panel to identify the location of the activation. Arrangements will then be made to investigate whether there is a fire or if it is a false alarm. The evacuation will continue and be used as a drill, even if the investigation concludes it to be a false alarm.

If there is evidence of a fire, a 999 call will be made to LFRS to initiate their response.

PLEASE DISPLAY THESE PROCEDURES IN EACH CLASSROOM AND THE SCHOOL HALL

SECTION 3 - ACTIVATION

3.1 Plan Activation Decision Tree

3.2 Notification of incident

Information about an incident may come from a number of sources (e.g. member of staff, pupil, parent / carer, member of the public, the emergency services, the local authority). Whoever receives the alert should ask for, and record, as much information as possible.

- + **Maintain a written record of your actions using this form and a log book. You may wish to record any new contact details in section 1.**
- + **Offer reassurance and support. Be aware that all those involved in the incident (both directly and indirectly) may be suffering from shock or may panic.**
- + **Find out what has happened. Obtain as clear a picture as you can.**
- + **Discuss with the informant what action needs to be taken and by whom.**

3.3 Initial action

Immediately inform the headteacher or nominated emergency contact. If neither is able to respond (they may be involved in the incident) the senior person present should follow the instructions below.

- + **Assess the situation and establish a basic overview of the incident.**
- + **Take immediate action to safeguard pupils, staff and visitors.**
- + **Attend to any casualties and administer first aid, if appropriate.**
- + **If appropriate, dial 999 for the emergency services and provide them with an overview of the situation. If in doubt, dial 999.**

The emergency services notify each other of incidents but consider speaking directly to each organisation required. This will ensure that each service has the information they need to respond appropriately.

- + **Fetch any equipment that may prove useful (e.g. first aid kit, grab bag).**
- + **Log all communications and actions.**
- + **Notify school staff. Consider assembling a School Emergency Management Team (SEMT) to assist with the response.**
- + **Refer to the list of emergency contact numbers for additional support if required.**
- + **Where possible, avoid closing the school and try to maintain normal routines.**

APPENDIX G - SCHOOL CLOSURE

In the Event of an Unavoidable School Closure Staff The Headteacher and Governing Body should, as part of their agreed strategy for the management of unavoidable school closures, ensure that there are clear arrangements for staff in respect of communication, reporting and attendance for duty.

The following should be considered as part of the school policy/arrangements.

Communication

- (a) communication with staff in the event of an unavoidable closure;
- (b) arrangements for staff to communicate with the school when they are unable to attend or it is unsafe to travel due, for example, to severe weather conditions.

Alternative Duties

There is an expectation that staff make every effort to attend school. If this is not possible, the following arrangements should be considered as part of the school policy:

- (a) Alternative duties (appropriate to the Employees Conditions of Service) to be undertaken at home or at another venue if staff are unable to attend or if the school is closed.
- (b) Arrangements for staff to attend another school or venue near to their home, where necessary, if they are unable to attend or it is unsafe to travel. These must be pre-planned and co-ordinated by school management. Arrangements must be made with the alternative school in advance so that the staff concerned are known to the alternative school; otherwise, they should not report to an alternative school. In the interests of safety, the alternative school is advised not to accept an unknown person where no such pre-planned arrangements have been made. (
- c) Where staff undertake alternative duties or attend an agreed alternative school/venue they should be considered to have attended for duty and are entitled to be paid. (Note - staff salaries for such alternative duties in another school would be met from the member of staff's own school's budget.)
- (d) In the circumstances where staff do not attend and do not undertake alternative duties, this should be treated as leave of absence with or without pay, and Headteachers/Governing Bodies will need to make a determination on this matter. Absences should be recorded (with or without pay) on the Oracle system.

Unavoidable school closure due to adverse weather conditions.

If the weather is bad enough to close school due to staff not being able to attend then the headteacher will have a phone conversation with the site supervisor to ascertain local conditions.

If the decision is made to close the school you will be rung as soon as possible. **Please do not try to ring them as this will block the lines up for other communications.** If you have a list of people to ring please ensure that you have their up-to-date numbers for phoning.

If you are in walking distance of the school and are able to attend to help the office with any children who arrive unattended and need to be sent back home, then I would be very grateful if you could do that.

If the school is closed all parents will be text and the office will put a message on the home page of the website - so check there too if you are waiting for a phone call.

This procedure will operate on a day-to-day basis until school reopens. If you are unable to attend for work I shall presume that you have tasks you are able to undertake at home.

The headteacher will phone all teachers and the office will text parents

All teachers to phone the teaching assistants who work with them in class

The office will phone kitchen staff.

APPENDIX M - POST INCIDENT SUPPORT

Ref	Post incident support - assistance for pupils and parents / carers	Tick / sign / time
P1	Introduce a strategy to monitor pupils and staff who may be particularly affected by the incident. Ensure that staff are aware of this strategy.	
P2	Offer pupils and staff the opportunity for psychological and emotional support. In the immediate aftermath of an incident strong emotions such as grief and shock would be expected. After a period of time (e.g. a couple of weeks) it may be appropriate to offer counselling for those whose grief or shock remains problematic.	
P3	Consider which pupils need to be briefed, how, and by whom.	
P4	Provide opportunities for pupils to discuss their experiences (e.g. promoting discussion during class, arranging a special lesson). Do not discourage pupils from talking about their experiences, but arrange where possible for such discussions to be in the presence of an adult who is aware of what information is factual and can be shared.	
P5	Consider providing relevant books in the school library.	
P6	Arrange for a member of staff to visit those affected (at home or at hospital). Ask for consent from parents / carers before doing this.	
P7	Make arrangements to express sympathy to those who have been hurt. Consider encouraging pupils to send cards / messages to those affected.	
P8	Be sensitive about the demands practical issues might make on pupils (e.g. deadlines for coursework, imminent exams).	
P9	Send a letter to parents / carers with information on: <ul style="list-style-type: none"> ▪ The nature of the incident ▪ How their child was notified of the incident ▪ Arrangements for support organised by the school ▪ Who to contact if they would like additional support. 	
P10	Maintain regular contact with parents / carers.	
P11	Do not make public any sensitive / confidential information about individuals unless consent has been given by pupils and parents / carers.	
P12	Consider organising an event for parents / carers to discuss any issues or concerns they might have.	
P13	If pupils who were particularly affected by the incident leave school (e.g. transferring from primary to secondary education) consider, sensitively and confidentially, notifying the headteacher of the new school.	

Ref	Post incident support - general actions	Tick / sign / time

P18	Plan appropriate support for staff to enable them to cope with any questions or discussions pupils might have about the incident.	
P19	Ensure that any new roles given to staff do not place too great a burden. Over time, staff may need to be relieved of any additional responsibilities given to them.	
P20	Ensure that new staff are aware of the incident, which pupils were involved and how they were affected.	
P21	Consider any actions which can be taken to support the local community if affected by the incident (e.g. fund raising).	

Ref	Post incident support - returning after a period of absence	Tick / sign / time
P22	Negotiate with parents / carers a suitable date for returning to school after a period of absence.

P24	Brief pupils who may be able to help in the process of resettling (e.g. close friends).	
P25	Ensure that all staff are aware of the need for sensitivity. Put in place special arrangements for: <ul style="list-style-type: none"> ▪ Missed work ▪ Rescheduling projects ▪ Exams. 	

Ref	Post incident support - funeral arrangements	Tick / sign / time
P26	Contact bereaved families to express sympathy on behalf of the school.	
P27	Take account of religious and cultural factors (e.g. some faiths wish to hold funerals within 24 hours of death). Consider contacting religious leaders within the community for support.	
P28	<p>Consult parents / carers sensitively about funeral arrangements. Try to establish if representatives from the school will be invited to the service. It may be useful to consider:</p> <ul style="list-style-type: none"> ▪ Closing the school on the day of the funeral as a mark of respect ▪ A senior member of staff attending the funeral on behalf of the school ▪ If staff and pupils can be allowed time off school to attend the funeral (it is advisable for pupils to attend funerals either with a member of staff or their parents, but not to attend without adult support) ▪ Providing transport to take pupils and staff to the funeral ▪ Providing pupils with information about what happens at funerals ▪ Arranging floral tributes and/or donations ▪ It may be appropriate to arrange for a commemoration within school rather than having large number of staff and pupils attending the funeral. How all settings need to prepare for the new national Emergency Alerts system

The government is set to roll out a new Emergency Alerts system, which will send alerts to mobile phones when there is a danger to life in the area you are located. It is expected to launch this year with all compatible 4G and 5G devices in England receiving a “welcome message”.

If you get an emergency alert on your mobile phone or 4G/5G device, you’ll hear a loud, siren-like sound. A message on your screen will tell you about the emergency and how best to respond. You’ll be able to check [online](#) if an alert is genuine.

Please read the new [Emergency Alerts guidance](#) and review your setting’s risk assessments and emergency plans to include relevant processes, should an emergency alert be issued in your area.

Risk protection arrangement (RPA) members – is your school cyber secure?

A cyber security incident can affect your school's ability to function.

[RPA cyber cover](#) will only apply if your school meets these four conditions:

1. Have off-line backups
2. Undertake NCSC Cyber Security Training
3. Register with Police Cyber alarm (you do not have to install any software)
4. Have a Cyber Response Plan

Your cyber cover as an RPA member includes any actual or suspected unauthorised access to any computer or systems.

If you have any concerns, no matter how small, please contact the 24/7 dedicated helpline 0800 368 6378 or email.

Claims will be refused if these conditions are not met. Taking action now could save your school time and money.
